NUMBER 40

## PLAN PROGRAM FOR MEMORIAL DAY OBSERVANCE

### Patriotic Groups Unite to Pay Tribute to Soldier Dead

Patriotic organizations of this community headed by local American Legion Post with Dr. L. John Zimmerman as chairman on arrangements, this week are formulating plans for the observance of Memorial Day, Monday, May 31. Participating in the activities of the day will be the American Legion and Auxiliary, Daughters of G. A. R., Boy Scouts and Girl Scouts, school children and the community's newest patriotic group, The Sons of Legion.

The Sons of the Legion, granted a charter this week, was formally organized last night when 28 sons of Legionnaires were presented with pins and cards by the parent organization, the American Legion Post of Antioch. The Sons of Legion will have the same post number—Antioch 748.

The Memorial day program will begin at 11 o'clock with the formation of the line of march at the Antioch postoffice and proceed to the village park headed by the Antioch High School band.

The speaker has not been selected.

## OPEN USED CAR SALES LOTS HERE

### Rosing & Son and Rentner & Haley Plan Openings Saturday

W. A. Rosing & Son, proprietors of the Antioch Garage, today announced the opening of their new used car sales lot to be held Saturday of this week. The lot, which is located south of the Antioch postoffice, has been fenced and wired for lighting and a large sign will face Main street. While the firm is dealer for the Ford and Lincoln lines of cars, other makes of good used cars will be shown on the new car lot.

The R & H Chevrolet Sales also plan the opening of a used car display on the Morley lot just north of the King building, this Saturday.

The Chevrolet Company recently installed a Sun motor tester. Leonard Case, shop foreman, says the new device will give an accurate report on the efficiency of any motor.

## 40 and 8 Initiates Seven Candidates Sun.

Passersby on Main street Sunday were amused by strange sights and sounds—a "locomotive" and box car filled with strangely attired men, the ringing of bells and the strick of the locomotive.

Later they learned that it was just a part of initiation ceremonies staged here Sunday by the Lake county La Societe of the 40 and 8. The strangely clad occupants of the box car, technically known as Poor Goofs, were headed for the "wreck" which was held in the Danish hall. About 150 attended the "atrocities."

Dr. L. John Zimmerman officiated as conductor of the wreck.

La Societe of the 40 and 8 is the honorary and fun organization of the American Legion, and members who have rendered meritorious service in the Legion are eligible to membership in the 40 and 8.

## James Stearns Named Antioch Fire Chief For Fourteenth Year

James Stearns, Antioch fire chief for 14 years, was again appointed to that post by the village board at the May meeting. The board by its act approved and made official the choice of the local volunteer fire association.

The Antioch fire department was modernized in 1923 when the first high powered truck was purchased, and Stearns was first appointed chief the following May, 1924. Since that date another modern truck has been acquired by the firemen and much other equipment has been added to make the local equipment one of the best in the region.

Mrs. Rex Simms and baby son of Mokence, Ill., spent several days in Antioch the guest of her sister, Miss Ayleen Wilson and friends.

## Reduced Price Hastens Sale of Vehicle Tags

Village Clerk Roy Murrie announced today that 155 Antioch auto owners have taken advantage of the one dollar reduction on village license tags offered by the city fathers during the month of May.

With 11 days more to go, Clerk Murrie believes that the village will have but few collections to worry over this year. The reduction will mean a direct loss to the village, Murrie says, but with county tax money coming in late this year the extra cash obtained from local car owners through the sale of vehicle tags will come in handy.

Last year 368 vehicle licenses were sold in Antioch.

## FORMER MAYOR NAMED HEAD OF MEN'S CIVIC CLUB

### S. E. Pollock Elected President; Other Officers Are Named

Samuel E. Pollock, Antioch florist and former mayor of this village, was elected president of the Men's Civic Club at the final meeting of the season held at Karpen's Round-up Monday night.

Other officers named for the ensuing year were: Dr. A. Bratude, vice president; Russell Barnstable, treasurer; and Ralph E. Clabaugh, who was re-elected secretary. Fifty were present at the meeting Monday. The club has a membership of 118, according to O. S. Klass, who has served as chairman on membership the past year.

The nominating committee headed by George White, submitted the four names, explaining that Dr. G. W. Jensen, who has served as president for two successive years, and his associate officers declined to accept another term in office. There were no other nominations and the president on motion instructed the secretary to enter the vote as being unanimous.

Retiring with Dr. Jensen from the active affairs of the club are Wm. J. Anderson, vice president, and Virgil Felter, treasurer.

### New Deal a Puzzle

Nobody in America knows as yet whether the New Deal is a success or a failure, R. M. Plaister told the group in his address following the business session. Mr. Plaister, prominent economist and head of the banking department of Moody's Investors service, told of the present administration's attempt at "managed economy," and cited conditions in foreign countries where similar plans have been followed. Features of the managed economy, he said, were the attempt at control of supply of commodities and regulation of monetary values.

Gold, the speaker said, is recognized the world over as a thing of value, even among the savage tribes, which explains the use of the precious metal as a medium of exchange. When peoples and nations learn to trust one another gold may be discarded as basic metal and the commerce of the world may proceed upon a "paper basis."

That experiment is now being conducted among certain of the European countries. The economist brought some new facts to his audience and made his hearers think. "We, the people, are running this government," he said, "and we must ponder the momentous questions of the present day. If these are to be solved, the people must solve them."

### Woman Talks on Social Hygiene

The urgent need for teaching social hygiene among the young was brought forcibly to the attention of the club members in a 30 minute talk by Mrs. Margaret Wells Wood of the Illinois department of Public Health. For the past year Mrs. Wood has visited high schools of the state for the purpose of enlightening the young people on this vital topic. She had spent all day Monday at the local high school, speaking for 90 minutes before the students as a group and later giving her time over to private interviews with students who sought her advice.

She has been employed by the state for the coming year and again will visit Antioch and Lake county in 1938, according to announcement of the county committee. Federal funds are used to conduct this educational program.

The next meeting of the Club will be held in September.

Little Joan Felter has returned to school after having been absent for several weeks because of a broken leg.

## POPPY DAY -- MAY 29

## AUXILIARY UNIT RECEIVES POPPIES FROM WAR VETERANS

### Plan Sale of Flowers May 29 in Honor of World War Dead

Poppies which will be worn here in memory of the World War dead on Poppy day, May 29, have been received by Antioch Unit of the American Legion Auxiliary from Hines hospital where they have been made by disabled war veterans. The flowers are crepe paper replicas of the famous poppies of France and Flanders, that flourished and bloomed amid the war's desolation. They are being arranged for city-wide distribution on Poppy Day.

"Each flower has been made with pains and care by some disabled World War veteran," Mrs. Walter Hills, president of the Auxiliary, explained. "They are made to represent as closely as possible the little red flowers that these men saw in the fields of France where so many of their comrades still lie. Their significance comes from the sacrifices of those thousands of brave young Americans who died in the country's service on the battle fields of France."

"Making the poppies has provided employment for many hundreds of disabled men through the winter and spring months. The work not only has enabled them to help support themselves and families, but also has been valuable as occupational therapy. It has been conducted in veterans' hospitals and in special poppy work rooms in every part of the country."

"Disabled veterans receiving little or no government compensation are the only ones employed in the poppy program. Preference is given to those with dependent families. The work is a Godsend to these men who could not possibly find or perform other employment."

## Condition of Children Good, Round-up Shows

Twenty-four children, 16 of pre-school age and eight first grade pupils who were not examined last year, were given a thorough physical examination at the summer round-up held yesterday at the Antioch grade school and sponsored by the local parent-teacher association.

The children were examined for nutrition, posture, and organic functioning as well as dental needs. The eye, ear, nose and throat examinations revealed a few cases of slight hearing and vision defects. Some were in need of tonsilectomies and eight needed dental work. Immunization from diphtheria is indicated for six children and one child needs smallpox vaccination.

The general condition of the children was pronounced good and they were given charts to take home. The parents are asked to take steps to remedy as many of the defects as possible before school reopens in the fall.

## TENTH DISTRICT LEGION AUXILIARY MEETS IN ANTIOCH

### Guests Feted at Dinner; Hold Oratorical Contest

The Tenth District quarterly meeting of the American Legion Auxiliary was held in Antioch at St. Peter's hall Friday evening, May 14, with Mrs. Ethel Bowen of Lake Forest, president.

Preceding the meeting a dinner was held at Hotel Golden in honor of the guests, including Mrs. Josephine Soliday, department president, Mrs. Mary Chase, divisional president, Mrs. Wanda Todd of Richmond, Illinois, alternate director of the 11th district, Henry Foval, divisional commander of the Legion, and Henry Brown, 10th district commander.

Hold Oratorical Contest  
The annual oratorical contest was held and the winners were: Betty Hall, Waukegan Township high school, first; and Shirley Lucas of the Lake Forest Township high school, second. Judges for the contest were Prim R. E. Clabaugh, of Antioch, Wm. Sheehan of Mundelein, and Mrs. Dixon of Warren Township high school.

The winners of the National Defense Essay Contest were also announced. In the senior group Carolyn Sigrist won first and Mollie Fleager, second. Both are from the Highland park school. In the junior group Otto Pa-laske, Antioch, won first prize.  
Announce Poppy Poster Winners

## PAY TAXES NOW TO AVOID PENALTY

### Deadline Is June 1; County Treas. Nelson Advises Against Delay

Immediate payment of taxes was advised this week by County Treasurer Allen J. Nelson that Lake county taxpayers may not only avoid the last minute rush but also evade the one per cent penalty that will be tacked on to the tax bills that are allowed to become delinquent.

Although many taxpayers in Lake county have paid either the first installment, or their entire tax bill, Treasurer Nelson has warned the large number who have made no payment at all that June 1 is the deadline.

Tax bills unpaid on June 1 will have a one per cent penalty added for each month delinquent. The second and final installment becomes due on August 1 and becomes delinquent on September 1.

All personal property taxes are due now. They become delinquent on June 1.

### Real Estate Taxes Lag

While there have been a few more personal property tax bills paid so far this year, compared to last year at this time, real estate tax payments have not come up to expectations.

This year's tax receipts to date, including back taxes and personal property taxes, are \$25,414 behind the total taxes collected last year up to this date. Tax collections last year were started three days earlier than this year.

The first tax distribution will be made on or about June 15, according to Treasurer Nelson, provided that all taxing bodies in the county have filed the name of their qualified treasurer with the county treasurer's office. Under the law, no distribution can take place until these names are on record.

## Cottage Caretaker Found Dead in Home

Henry Herman, 55, of Grass Lake, caretaker of the summer cottage of William Scholz of Chicago, was found dead in the cottage Saturday when Scholz came to spend the week-end. Herman had been dead for two days. An inquest conducted by Coroner John L. Taylor showed that the caretaker had died from heart trouble.

## Cermak, Jr., on County Com. of Catholic Clubs

Charles Cermak, Jr., will attend the second annual conference of Catholic Young People's clubs to be held Sunday in Waukegan at the Holy Child school at 2:30 o'clock. Mr. Cermak is a delegate from St. Peter's parish, and is in charge of publicity.

## ZONING LAW IS PLANNED BY COUNTY BOARD

### New Ordinance Will Restrict Building Abuses Outside of Towns

Plans for the passage of a zoning law affecting all of Lake county are being made by the county board of supervisors with a view to eliminating such unsightly nuisances as "auto graveyards" and to restrict the placing of billboards and other types of construction at highway intersections. In general, the contemplated county ordinance will follow the recommendations of the Chicago Regional Planning Association's program for highway beautification and safety.

Senate bill No. 112, which was passed by the state legislature in 1935 and is now a law, provides that each county shall have the power to regulate and restrict the location and use of buildings, structures and land for trade, industry, residence and other uses. The board may also establish building or setback lines outside the limits of cities, villages or incorporated towns.

### To Appoint Commission

The law specifically exempts land used for farming purposes and buildings used for agricultural purposes.

The law calls for the appointment of a zoning commission to be composed of from three to nine members who shall recommend boundaries of districts and regulations to be enforced within those districts.

The zoning commission is instructed to draw up an ordinance covering all unincorporated property in the county and to hold hearings on the proposed regulations to give all interested persons an opportunity to be heard. After the ordinance is passed a board of appeals will be appointed to hear complaints and act on them.

## ANTIOCH BOYS PLACE SECOND IN STOCK JUDGING

### Three Local F. F. A. Boys Go to State Contest Next Month

In a livestock judging contest held in the Lake Zurich-Palatine district last Saturday, the Dairy Judging team of the local high school placed in second position in a competition of twenty-one schools from the Northeastern corner of Illinois. The local boys were surpassed by only the DeKalb school by only 12 points out of a possible 1200.

Members of the Antioch team are: Gene Carney, Raymond Wells, Robert Bonner, Donald Elfering and Orville Winfield. The first three named will represent Antioch at the State contest next month.

Gene Carney was 5th high individual out of the 100 boys judging. In the Fat Stock division, the local boys piled up a bigger score than the dairy team, but so did some of the other schools and Antioch was placed in 8th position out of the 21 schools. Robert Denman, Robert White, Leo Keisler, Otto Gussarson and Robert Hallways are the members of the team. The first three will also go to Urbana on June 16th to judge in the state finals.

Only teams placing in the upper 50 per cent of the total competition may enter the state contest. Antioch will have four teams this year at Urbana—Dairy, Fat Stock, Corn, and Grain teams.

## John Scher Dies at Home Near Hickory

John Scher, 55, farmer, a resident of Antioch township, died Monday, May 17, at his home near Hickory Corners.

Mr. Scher was born in Luchez, Switzerland, Nov. 20, 1882. Thirty years ago he came to the United States and for the past 7 years lived in Antioch township.

Besides a widow and one daughter, he is survived by his mother, Mrs. Sophia Costelli, and his father, John Scher.

Funeral services were held Wednesday afternoon at Union cemetery with Rev. L. V. Stiller officiating and burial was in Union cemetery.

### Retiring President Offers Sound Advice

Much sound advice was contained in the words of Dr. G. W. Jensen at the Men's Club dinner Monday night upon his retirement as president of the local group. Today, more than ever, communities appreciate the value of the wonderful and necessary work performed by civic organizations and commercial clubs, Dr. Jensen explained. They represent one of the most important and intricate forces in the machinery of a progressive community; they furnish much of the drive and the purpose that unite a community for higher standards of living, growth, progress and prosperity. According to Dr. Jensen, it is not happenstance that takes a community on to success—it is achieved through that intangible something called "community spirit," the urge to do, the spirit of "I Will."

The retiring president urged full co-operation of all citizens with the Antioch Men's Civic Club, and advised the formation of a merchants' division of the organization.

### Out-Smarting God

"As for me, I find it impossible to place any faith in any man, in Washington or elsewhere, who will attempt to out-smart God Almighty." That's what R. M. Paister, noted economist, told the Antioch Men's Civic Club here Monday night. He was speaking of the administration's crew of brain-busters and their attempt to produce scarcity artificially, the effects of the drought following the imposed crop curtailment, and what a heluva mess and what suffering followed.

Of course it's rank folly to attempt to out-smart God—the president as yet has not out-smarted the United States Senate.

### Change of Heart

When the proposal to increase the membership of the Supreme Court was first made, it was widely believed, by the bill's opponents as well as backers, that it would be endorsed in the Senate by a handsome majority.

Today, the most authoritative surveys and estimates indicate that the majority in favor of the bill is extremely slim—two or three votes. A number of senators originally believed to be for it have recently come out in opposition.

What has caused this change? Several elements are involved—but the most important of all is the force of public opinion. It is no secret that every congressman's mail has bulged with letters discussing the proposal, and that the majority have opposed it. The metropolitan and rural press is overwhelmingly opposed. So are most of the nation's most respected political and economic commentators.

More and more, partisanship is disappearing in regard to packing the high court. The people and their representatives are realizing that here is one of the most vital issues the country has yet faced, and that it must be debated on grounds of principle, not politics. That is a heartening sign.

### Roosevelt Says "No"

President Roosevelt has put his foot down on the proposal for a federal unemployment census. The President's opposition means that in all likelihood there will be no census taken. But it does not mean that the need for this census has been lessened in any degree. On the contrary, the President stands virtually alone in believing that no such need exists. There are many progressives and radicals who are just as firm in believing that no adequate solution for the relief problem can be worked out until a really thorough and scientific study of the problem is undertaken. They see that the present hand-to-mouth method of dealing with relief is wholly impractical.—Baltimore Sun.

### Relief and Prosperity

Relief during a year of deep depression has cost about \$2,154,000,000.

Relief in a year of relative prosperity will cost about \$2,420,000,000.

The smaller amount represents the dollars paid out between July, 1933, and July, 1934, to take care of the nearly five million families who depended upon government for an existence.

The larger amount represents the dollars to be paid out between July, 1937, and July, 1938, to take care of approximately three and one-half million families still dependent upon government for an existence.

More dollars are to be spent for relief in recovery than were spent for relief in depression.

In the years before 1933, relief for the unemployed was left largely to local and state governments. Then Congress created the Federal Emergency Relief Administration with half a billion dollars to spend in allotments to states. Congress also created the Civilian Conservation Corps to provide work for the young men in relief families.

Relief rolls quickly shot up past four million. The families involved received a dole amounting to approximately \$20 each month. Enrollment in CCC camps soon averaged 300,000.—United States News.

### Political Waste Can Be Cut

Apologists for government extravagance claim that it is impossible to balance the budget now and that we must submit to still higher taxes and national debts.

If a ten per cent cut were made in all appropriations approved or pending in this Congress, a saving of \$732,500,000 would be effected—enough to balance the budget next year. And then if the proposal made by Senator Byrnes, one of the Administration leaders, to cut \$500,000,000 from the proposed \$1,500,000,000 relief bill, were accepted, we could start reducing the debt and start on the long road toward sound fiscal policies.

During recent years, millions of families have been forced to cut their budgets ten, twenty, or fifty percent and they have come through without undue hardship, and paid off debts. Thousands of businesses have been forced to do the same thing to escape bankruptcy. Based on visible evidence, it is not unreasonable to believe that at least 10 per cent of all government spending represents pure, non-productive political waste.

A bill to make the ten per cent cut in expenditures a reality, has been introduced in the House. In the name of government sanity and solvency, and in the interest of recovery and stability, it should be passed.

Sunday visitors at the Albert Weinholtz home were Mr. and Mrs. Sam Frischow, Bristol, and Mr. and Mrs. Eugene Edwards, Pleasant Prairie.

Mr. and Mrs. James Lamb and daughter, Betty Jane Kenosha, called at the Joseph Smith home Sunday.

Mr. and Mrs. Novotz, Chicago, spent Sunday at their cottage in Trevor.

Mr. and Mrs. Henry Ernie, daughter, Hene, and friends from Chicago spent the week-end at their cottage.

### Waxhaw Settlement Place of Gen. Jackson's Birth

For many years it was a matter of argument whether President Andrew Jackson was born in North or South Carolina. His birthplace was Waxhaw Settlement. It finally was settled by historical and biographical authorities that Waxhaw Settlement, which was first supposed to be wholly in South Carolina, lay on both sides of the boundary line, and that the part where Jackson was born was in North Carolina. Nevertheless, asserts a writer in the Indianapolis News, General Jackson twice announced himself as a native of South Carolina, once in a letter written in 1830, and again in the proclamation addressed to the South Carolina Nullifiers in 1832.

Though historians have established his birthplace as in North Carolina his mother moved across the border into South Carolina shortly after his birth. His mother having died in 1781, Andrew Jackson succeeded in finding employment for two years as a school teacher in the Waxhaw district. After proclamation of peace between Great Britain and the colonies he began the study of law with Spruce McCay, in Salisbury, N. C., where he remained until 1788, when he went by wagon train to Nashville.

### McClellan, Popular Soldier

George B. McClellan, who at the outbreak of the Civil war was commissioned a major general by the governor of Ohio, was a popular man among his soldiers despite the fact that Lincoln, after some friction between the two, relieved him of command of the army of the Potomac. In the same year that his command was taken, 1864, he was nominated for president on a platform that denounced war as a failure. Thus the same army of whose command he had been relieved was called upon to decide between Lincoln and McClellan. The vote: Lincoln, 250; McClellan, 220.

Divide Spas Five States — The Continental Divide runs through New Mexico, Colorado, Wyoming, Idaho and Montana.

### Common-Law Marriage

A common-law marriage is one entered into between a man and woman without formal solemnization but by their agreement to take each other in the present as husband and wife, followed by their living together as husband and wife. No particular number of years is required, according to a writer in the Philadelphia Inquirer, but their living together and the use of the man's name by the woman are evidence tending to show a marriage was entered into. Common-law marriages are, in the nature of things, much more difficult to prove than ceremonial marriages.

### Habits of Wasps

Wasps sleep soundly in the dark and are sluggish on a cloudy day. Unlike other insects, when they are awake they breathe by a noticeable "telescoping" of the abdomen back and forth. When they are asleep they breathe like other insects, by a slow, molecular diffusion of air already in the tracheae. The first activity of a wasp after waking is to resume the telescope type of breathing.

School Children Pick Coffee — Vacation time in the Kona District schools in Hawaii comes in the fall, because the children are needed to pick coffee.

## TREVOR

Andrew Stahl, Kenosha, was a business caller in Trevor Tuesday.

Mrs. William Boersma was a Kenosha visitor Tuesday.

Mrs. William Evans, daughter, Marguerite, Miss Sarah Patrick and Miss Lillian Schumacher were Antioch callers Tuesday.

Mrs. Ottila Schumacher and daughter, Lillian, attended funeral services for Nicholas Weindel at Antioch last Wednesday.

Fritz Oetting accompanied his sister, Mrs. Howard Mathews, to Chicago, Tuesday morning, to report at the baseball league.

The Trevor school children and their teachers, Mrs. Menler, motored to Bassett Wednesday evening where they played ball with the Bassett school children. The score was 12-2 in favor of Trevor.

Henry Oetting who spent Wednesday at his cottage at Channel Lake called at the home of his brother, Charles Oetting, Wednesday morning.

Rev. Kistler, Salem, was a Trevor caller Friday.

Mrs. Pearl Hartnell and daughter, Dorothy, Milwaukee, visited her parents, Mr. and Mrs. Daniel Longman, on Thursday.

Mrs. Harold Mickle, Billings, Montana, who is visiting her sister, Mrs. Hans Dietrich, Twin Lakes, in company with her sister called at the Kermit Schreck home Thursday.

The Trevor school won the ball game over the Fox River and High Street teams in a combination game at the Silver Lake park Friday afternoon, the score being 5-4.

Mrs. Charles Runyard and daughter, Mrs. Russell Longman, were Kenosha visitors.

Mrs. Kermit Schreck, Mrs. Jessie Allen, daughter, Priscilla, accompanied Mrs. Hans Dietrich and sister, Mrs. Harold Mickle, to Waukegan Friday, where they spent the day with Mrs. Champ Parham.

The Willing Workers were entertained at the home of Mrs. Nellie Runyard on Thursday afternoon. Mrs. Fred May, Antioch, will be hostess to the ladies in two weeks.

William Evans was a business caller in Kenosha, Saturday.

Clarence Runyard, Chicago, spent Sunday with his mother, Mrs. Nellie Runyard and brothers, Wilson, Gerald and Stanley.

Mrs. William Evans, daughter, Marguerite, and Miss Sarah Patrick called on Rolfe Evans Rolnow and mother at the Kenosha hospital on Friday afternoon.

Charles Carlis, Kenosha, was a Trevor caller Thursday.

Raymond Schumacher, Chicago,

called on his grandmother, Mrs. Ottila Schumacher, Saturday evening.

William Fox, Salem, returned to his school duties on Monday morning after spending the past two weeks recovering from an auto accident.

Phil Lavenduski accompanied Fred Beck of Wilmot on a motor trip to Grand View, Wisconsin, over the week-end.

Mrs. James Walsh spent the past three weeks with a sister in Cleveland, Ohio.

Mrs. Mattie Copper and daughter, Gertrude, accompanied Mr. Kester, Salem, to Madison, Tuesday.

Ray Pregoner, Grass Lake, has rented the Trevor Garage vacated by William Boersma.

Mr. and Mrs. August Baethke, Forest Park, spent Tuesday and Tuesday night with Mr. and Mrs. Joseph Smith.

Tuesday afternoon in company with Mr. and Mrs. Smith, they motored to Kenosha on business.

Mrs. Louise Derler, Grayslake, spent from Wednesday to Friday with the home folks.

Mr. and Mrs. Joseph Fox moved Wednesday from the John Heinrich cottage to Brass Ball tavern. Lee Barhyte moved from the Curtis & Sheen cottage into the one vacated by Mr. and Mrs. Fox.

Mr. Scheibe, Antioch, is doing some interior decorating for Mrs. Ottila Schumacher.

Joe Fernandez spent the week-end with his family in Trevor.

Miss Ruth Thornton and aunt, Mrs. Anna McKay, were Kenosha visitors Friday.

Mrs. Fred Fowles and son, River Forest, Ill., visited her sister, Mrs. Charles Runyard, and niece, Mrs. Russell Longman, on Thursday.

Mrs. Irving Elms, Antioch, called on her cousin, Mrs. Charles Oetting Friday.

Mrs. Hartnell, Milwaukee, visited her parents, Mr. and Mrs. Dan Longman, Thursday.

Mr. and Mrs. Henry Ernie, daughter, Hene, and little friend, Mr. and Mrs. Noah and Mr. and Mrs. Alec Bittner, Chicago, spent the week-end at the Ernie cottage.

Mr. and Mrs. Gus Fanslau, Chicago, who spent the week-end at their cottage at Camp Lake Oaks, called on Mrs. Joseph Smith Saturday evening.

Miss Pauline Copper and friend, Frank Harris, Chicago, spent Sunday with her mother, Mrs. Mattie Copper, and sister, Gertrude.

Mr. and Mrs. Will Yopp and son, Billy, Mundelein, Ill., visited Sunday with her sister and husband, Mr. and Mrs. Joe Fernandez.

Mrs. Howard Mathews, Oak Park, and cousin, Fritz Oetting, Berwyn, Ill., were Sunday visitors of Mrs. Mathews' parents, Mr. and Mrs. Charles Oetting.

Mr. and Mrs. Frank Larwin were in Chicago, Sunday, where they attended the Morris Saxe amateur program over WENR, where it was announced that Mr. Larwin received second prize in the amateur program last Sunday.

Miss Ruth Thornton and aunt, Mrs. Anna McKay, spent Mother's day with her mother, Mrs. Joseph Holly, Chicago, and on Monday they attended the funeral of a cousin in Chicago.

Mr. and Mrs. Everett Allen and children, Twin Lakes, called at the Mrs. Jessie Allen home Sunday. Priscilla Allen returned home with them for a few days' stay.

Frank Yaw, Camp Lake, was a Trevor caller Monday.

Mr. and Mrs. Arthur Runyard, sons, Chester and Vernon, attended funeral services for Andrew Lynch, Antioch, Monday morning.

Vivian Holtdorf, Silver Lake, called at the Joseph Smith home Friday.

Several school children and their parents, called on their teacher, William Fox, who is recovering from an auto accident at the Kenosha hospital.

Charley Oetting accompanied Ray Loth, Silver Lake, to Chicago Thursday.

Pete Schumacher, Melrose Park, spent Friday with his mother, Mrs. Ottila Schumacher. Lucile returned home with him to spend the week-end with her parents.

Mr. and Mrs. Richard Corrin entertained relatives from Chicago on Sunday.

Mrs. William Evans, daughter, Marguerite, and Mrs. Nellie Runyard attended the play at the Wilmot high school on Friday evening, where Gerald Runyard took a part.

Mr. and Mrs. Charles Sibley, Antioch, called on their sister, Mrs. William Evans and family on Saturday.

Mrs. Luannah Patrick spent Mother's day with her son, Byron Patrick and family at Salem.

Mother's day visitors and callers at the Mrs. Ottila Schumacher home were: Mr. and Mrs. Charles Murphy, daughter and son-in-law, Mr. and Mrs. Fred Plett and daughter, Patricia, Kenosha, Mr. and Mrs. George Kolberg, son & daughter, Chicago; Mr. and Mrs. Arthur Schumacher and son, Arthur, Jr., Milwaukee, and Mr. and Mrs. Arthur Wolf, Kenosha.

Trevor school won the championship ball game over the Harlen school at the Bristol ball diamond Saturday. The score was 23-10 in favor of Trevor.

Week-end visitors at the Charles Oetting home were their daughters, Adeline Oetting, Oak Park, and cousin, Fritz Oetting, Berwyn, Ill.; Saturday callers at the Oetting home were his brother, Henry Oetting, Chicago, and nephew, Herman Oetting, Jr., Herwyn, Illinois.

## HICKORY

John Schaefer passed away at his home about four o'clock Monday morning, after a long illness.

Mr. and Mrs. Bert King of Chicago, were Sunday dinner guests at the home of Mr. and Mrs. E.W. King.

Mr. and Mrs. O. L. Hollenbeck motored to Milwaukee Sunday and visited his sister, Mrs. Gertrude Newman and family.

Mr. and Mrs. Harrie Tillotson were Kenosha shoppers on Saturday.

Mr. and Mrs. Leo Carney visited their daughter Dorothy, at the Lake County hospital in Waukegan Sunday afternoon. She is getting along fine.

Mr. and Mrs. Clarence Webb and Mr. and Mrs. Lee Savage of Waukegan called on the A. T. Savage family Sunday afternoon.

Mrs. Pickles is visiting Mrs. H. A. Tillotson this week.

The Misses Loretta and Lorraine Herber visited Saturday evening and Sunday with relatives in Waukegan.

Mr. and Mrs. Oscar Preston and children of Loon Lake visited Mr. and Mrs. H. A. Tillotson Sunday evening.

Mr. and Mrs. O. L. Hollenbeck were Kenosha shoppers last Thursday.

Miss Sophia Georgie of Kenosha, Mr. and Mrs. Harrie Tillotson and Will Thompson, drove to Delavan Sunday afternoon and visited Caryl Tillotson there.

Mrs. Helen McQuestion and family from Kenosha visited the Leo Carney family Sunday afternoon.

Mr. and Mrs. R. C. Bishop and Miss Elsie of Kenosha called at H. A. Tillotson's Sunday afternoon.

Mrs. Carl Herber and daughter, Lois, also the former's father Mr. Parker and his sons, Russell and George of Waukegan, drove to Elkhorn Monday afternoon.

## Old English Sheep Dog

## Bear-Like in Appearance

The origin of the Old English sheep dog, says a writer in the Los Angeles Times, is the same as that of other early herd dogs of Europe and they were first developed primarily to herd and protect cattle. It should be remembered that the dogs attending the flocks were called upon at that time to defend the flocks from much larger foes than roam the plains at the present time. Protecting the cattle came first, herding second, and nature had much to do with creating a dog that could exist under the severest conditions.

Cold winds, rain and snow made it necessary that the coat be weather-resisting. Which it certainly is with this breed. About all you can see on first sight is hair and more hair. It covers every spot on their body, head, legs and feet. Underneath all the profuse covering is an exceptionally strong and well built body.

The front legs are heavily boned and as straight as any terrier's. The neck is long and graceful, fastened to sloping shoulders with the dog standing lower at the shoulders than at the loin. In size they average around twenty-two inches or more shoulder height, and in measurement they run about the same in length, giving a rather square effect.

## Queen Elizabeth Named the State of Virginia

The name of Virginia was given by Queen Elizabeth at the request of Sir Walter Raleigh to the region discovered in 1584 by persons sent out by him, observes a writer in the Cleveland Plain Dealer.

The name was applied to what is now North Carolina and was extended with the progress of exploration, over the country northward as far as the present city of Bangor, Me., and southward to what is now South Carolina—an extent of some 11 or 12 degrees of latitude.

One colony after another was carved out of the original Virginia, which for long was simply a geographical name and not a political entity, until it was reduced to the boundaries it had at the time of the Revolutionary war.

Virginia claimed jurisdiction then over all of the Northwest territory by virtue of its first royal charter and by conquest from Great Britain during the war. It ceded these claims to the federal government, but still retained the territory now embraced in Kentucky and West Virginia, which became separate states by later action. The Northwest territory included all of Ohio, Indiana, Illinois, Michigan and Wisconsin and part of Minnesota.

## Independence of the Americans

On November 2, 1777, John Paul Jones sailed from Portsmouth, N. H., with a dispatch for Franklin and his fellow commissioners in Paris, advising them of Burgoyne's surrender. Although he made all possible speed, he was delayed by storms and the necessity of evading British ships, and was almost a month in making the voyage. He was not, therefore, the first to carry the welcome news to Paris, that honor having fallen to John Loring Austin, who had sailed with a duplicate dispatch from Boston on October 31. It was the news of Burgoyne's surrender that caused France to recognize the independence of the Americans and to give them the aid which helped to assure their ultimate victory.

## Fugitive Slave Law

Ohio had a fugitive slave law 11 years before the national fugitive slave law was passed.

## Dairy Cows' Feed Should Be Ample

## Cutting Down Ration Lowers Production of Milk as Well as Profit.

By W. J. Fraser, Professor of Dairy Farming, College of Agriculture, University of Illinois—WNU Service.

At least three-fourths of the dairy cows in the nation are underfed at some time during the year. This cutting off the top of the ration cuts off the top of the milk which the cow would otherwise produce and in which lies the profit.

For the past two years the average annual production of the 25,000,000 dairy cows in the United States has been only 181 pounds of butterfat a cow. The best one-third of Uncle Sam's immense dairy herd produced an average of 220 pounds of butterfat, the middle third averaged 157 pounds of butterfat a cow, and the lowest producing herd, more than 8,000,000 cows, averaged only 106 pounds of fat a year.

Into the boards and keep of the poorest two-thirds of this vast herd, or more than 16,000,000 cows, goes the productive power of an area of good land larger than the states of Illinois and Iowa combined, as well as the money and energy of a million farmers and their families.

Reasons given for such low production are that many cows are not capable of making good production even if well fed, a large percentage of the bulls are unable to sire good production and many purebreds are poor producers.

Furthermore there is much detrimental mixing of different breeds in the same herd. Then too, in addition to many helpers being poorly raised, both cows and helpers lack proper care in many instances.

Despite this showing, great progress has been made in the breeding, feeding and care of dairy cattle in the past 30 years. We have learned that we can feed dairy cows well and much more economically on good continuous pasture during the summer and an abundance of good legume hay throughout the winter. If these are raised on good fertile soil, and properly harvested and stored.

## Horses Should Be Kept

## in Best of Condition

It is poor economy to bring horses through the winter in a thin condition and then attempt to put them in good flesh by feeding liberally after the working season has begun, says W. H. Peters, chief of the animal husbandry division at University Farm, St. Paul.

Horses should maintain their weight or be in a gaining condition throughout the winter, Peters states, so that they will enter the spring work season in shape to furnish efficient animal power. They may be brought through the winter satisfactorily on low grade roughages, but farmers should watch them carefully to see that they are maintaining their weight. If not, the roughages should be supplemented by 6 to 9 pounds of farm grains daily for each animal. If good roughages are available, the horses will remain in good condition with little or no grain—not over 4 pounds per horse daily.

As soon as the horses are put to work, the grain ration for each animal should be increased to about 14 pounds of grain per 100 pounds of live weight. Grains may consist of corn, oats, other farm grains, or a mixture of them. Molasses may be substituted for a portion of the grain, Peters says.

## "Run Out" Soils

"Run out" soils, so called, are always low in humus or vegetable matter. In the case of clay this usually results in an increased tendency to get hard or bake. The great problem, therefore, is to get back into the soil as much humus as will overcome this tendency. In clay soils, or in almost any soil, it is almost impossible to have too much humus. The trouble with a run out clay soil is to get something to grow on it that may be turned under and help loosen the soil up as well as add to the humus.

## Helps for Farmers

Live stock and poultry need plenty of fresh, clean water.

Czechoslovakia is supplying vacuum cleaners to farmers for grooming cattle.

Sheep are raised in all provinces of Canada, the annual wool clip exceeding nineteen million pounds.

The locust is the fastest growing hardwood tree in northwestern United States. For that reason, it is a good tree to plant in gullies.

Frequent handling and training of colts should continue after they are weaned says H. C. Moffet of the Missouri college of agriculture.

Bearing apple trees in the United States now number only 95 million as compared with 116 million in 1913 and 217 million in 1910.

Spillage of corn in most cribs occurs directly under the elevator chute where the silks, husks and shelled corn have collected and prevented ventilation and drying.

## LEGISLATOR SITDOWNER

Dr. J. A. Gray, state representative of Atchison county, Mo., who staged a one-man sit-down strike in the office of the permanent seal of government in Jefferson City, demanding a list of state assembly employees. He claims the pay roll has been padded.

## Battle of 1770

The Battle of Golden Hill was fought January 18, 1770. This was the first conflict of the American Revolution. It occurred in New York City seven weeks before the Boston massacre. British soldiers killed one and wounded three when Sons of Liberty sought to prevent destruction of a liberty pole set up on the outskirts of town at what is Park Row and Broadway, says the Philadelphia Inquirer. A committee of 51 merchants and property owners denounced the Sons of Liberty as irresponsible and unrepresentative radicals, and probably added: "If you don't like this country, why don't you go back where you came from?"

## Mind Your Behavior

"It's best to mind yoh behavior," said Uncle Eben. "So long as you may have to depend on de laws for yoh own protection, it's only fair to do yoh best to pectect de laws."

Village Claims Record

Old Romney is taking a bow as the village where they are fewer weddings and funerals than in any other part of England. They have had only one bride there in the last five years, and during the last two years only one person has died.

Noted for Oysters, Sieges Bergen-op-Zoom, an old Dutch town, is noted for its oysters and the sieges against it.

Where Mountain Lions Live  
Mountain lions, variously called cougar, panther, puma, and catamount, range in the large wilderness areas west of the one hundredth meridian. They are hunted chiefly in the Rocky Mountain states and southward through the desert mountain ranges of Arizona, Texas and New Mexico. Farther westward they are less numerous, except in the coastal ranges of California, Oregon and Washington, where they are somewhat abundant.

News  
ofANTIOCH and  
VicinityMiss Helen Lori Is  
Bride of Victor Bown

Miss Helen Lori, daughter of Mr. and Mrs. Alex Lori, of Johnsonville, Ill., and Victor Bown of Antioch, surprised their friends a few days ago with the announcement of their marriage which took place on Wednesday, May 12, at a quiet ceremony performed by Rev. J. E. Charles in St. Ignatius' church, Antioch.

The couple were attended by Miss Susie Milner, of Johnsonville, and Maurice Bown, brother of the bridegroom. The bride has resided in Antioch for about a year and was employed at the Antioch hotel. The couple will make their home for the present with the parents of Mr. Bown west of town.

## SCHMIDT-RISCH NUPTIALS

Miss Marie Schmidt, daughter of Mr. and Mrs. Gustav Schmidt, of Kenosha, became the bride of Frank C. Risch of Salem at a ceremony performed in Kenosha Tuesday morning at 10 o'clock by Rev. Carl H. Buenger at the Friedens Evangelical Lutheran church.

The bride wore a gown of eggshell lace over floor length taffeta and a fingertip veil of old lace falling from a crown of gardenias. She carried a shower bouquet of roses, gardenias and sweet peas.

Miss Elizabeth Heberling was maid of honor and Earl Haru acted as best man. Miss Heberling wore a gown of lace over French turquoise taffeta and carried a shower bouquet of yellow roses, sweet peas and yellow daisies.

A reception was held at the Friedens Community hall following the ceremony and a wedding dinner was served to fifty with the tables appointed in pink and white for the occasion.

Guests attending from Antioch were: Mr. and Mrs. Emil Risch and daughter, Bernice, Mr. and Mrs. Sam Risch and daughter, Dolly. After May 20th the couple will be at home to their friends at Salem, Wisconsin.

CELEBRATE BIRTHDAY  
ANNIVERSARY WITH PARTY

Misses Doris Klass and Rosalie Sibley entertained Sonny Klass with a surprise party to help celebrate his eleventh birthday anniversary, Wednesday, May 13, at the Klass home on Victoria street. Games and contests were played during the afternoon. Prizes were awarded to Jack Message, Monte Miller, Adolf Pesat and Walter Message. Dinner was served at 5 o'clock, the table presenting a very attractive appearance with its favors and decorative birthday cake.

Those attending the party were: Rosalie Sibley, Marion Meyer, Edith Ellis, Doris Klass, Adolf and Harry Pesat, Monte Miller, Leonard Roblin, Billy Petty, Jack, Walter and Billy Message, Joseph Patrowsky, Barney Mueller, Gene Radtke, Tommy and Tony Meyer.

MRS. CLARK SURPRISED  
ON BIRTHDAY

A number of friends gave Mrs. Ernest Clark a surprise party to help celebrate her birthday anniversary Tuesday evening at her home on South Main street. Three tables of bridge were in play. Prizes were won by Mrs. Dora Folbrink and Mrs. Frank Hunt. Mrs. Clark was presented with a gift from the group.

ANNOUNCE ENGAGEMENT  
OF DAUGHTER

Mr. and Mrs. H. S. Roberts have announced the engagement of their daughter, Glenna, who will be wed to Philip Simpson, son of Mr. and Mrs. A. P. Simpson of Lake Villa, on June 20. The announcement was made at a tea and bridge party held recently at the Robert home at Lake Marie.

60 PEOPLE ATTEND  
P. T. A. PARTY

Sixty persons were present at a party sponsored by the Grass Lake P. T. A. Association at the school house Monday evening. Fifteen tables were in play with bridge, 500 and pinocle. Several prizes were awarded.

MRS. KUTIL HOSTESS TO  
FRIENDSHIP CIRCLE

Mrs. C. L. Kutil was hostess to the members of the Friendship Circle at her home on North Avenue Wednesday evening. A business meeting was held after which a social hour was enjoyed.

MRS. ZIMMERMAN ENTER-  
TAINED 500 CLUB WED.

Mrs. Addie Zimmerman entertained the members of her 500 club at her home on South Main street, Tuesday afternoon.

MRS. HARVEY HOSTESS  
TO BRIDGE CLUB

The Tuesday bridge club met at the home of Mrs. H. Harvey. Prizes were awarded to Mrs. Eva Kaye and Mrs. Mayne Hunt.

## Parents of Daughter

Mr. and Mrs. Charles Atwood are the parents of a daughter, "Mary Myrtle," born at Victory Memorial hospital Tuesday, May 18th. Mother and babe are doing nicely.

Ladies Aid business meeting first Wednesday of every month at 3 p. m.  
Friendship Circle business meeting 3rd Wednesday of every month at 8 p. m.

Pentecost, May 16, 1937, marks the beginning of a great year for the Methodist Episcopal church, for this year we enter the 200th year of eventful history of the Methodist societies. It was on Pentecost Sunday, May 21, 1738, that Charles Wesley, the "poet laureate" of the Methodist Church, was converted, and three days later on the evening of May 24, his greater brother, John, found the climax to a long spiritual quest.

To begin this eventful year in true Methodist style and manner we are praying that every member and friend of the church will make it possible to be in the service of the church at least once during the month of June.

The minister plans a series of sermons on the theme: "Five Great Ships of the Christian Life." Every loyal member of the church will be anxious to do his or her part in making this a great beginning month of a great year for the Church.

AID SOCIETY WILL  
SERVE PLUNKETT DINNER

A Plunkett dinner will be served by the Ladies Aid Society of the Methodist church in the church dining room at six o'clock Wednesday, May 26, at 30 cents per plate.

LA VERNY BOILE  
HONORED WITH SHOWER

Miss LaVerny Boile was guest of honor at a shower given by Miss Virginia Tidmarsh at her home on Main street Wednesday evening. Miss Boile who is to be a June bride, received many useful gifts.

Bunco and 500 were played during the evening. Several prizes were given the winners.

Miss Daisy Richards is enjoying a week's vacation from her work at the Antioch postoffice, and is the guest of friends at Waukesha.

Miss Grace Drom, Mrs. John Gaa, Mrs. W. J. Anderson and Mrs. L. Van Patten attended a meeting of the Bertha Eagle Club at Gray-lake Masonic hall Sunday afternoon.

Mrs. Adolf Pesat and son and Mrs. Low Van Patten were in Waukegan Wednesday.

Mr. and Mrs. W. C. Petty, Miss Grace Drom, Mrs. L. Van Patten and Mrs. John Gaa attended advanced officers' night at the Sorosis chapter of Eastern Star at Gray-lake Wednesday night. Miss Drom and Mr. Petty filled stations at the meeting.

Mr. and Mrs. Elmer Baetlike and son, Eugene, of Barrington were guests Sunday in the home of the former's parents, Mr. and Mrs. Walter Baetlike and family.

Mrs. H. F. Beebe has been confined to her home the past week on account of illness.

Mr. and Mrs. Henry Deminger of Riverside were guests at the D. D. Campbell home on Spafford street, Sunday.

H. H. Crandall returned to Antioch last week after spending the past winter in Florida.

Miss Roberta Lewis of Woodstock was the guest of her mother, Mrs. Theresa Lewis, over the week-end.

Mr. and Mrs. George Reimer and son, George, Jr., were guests of Mrs. D. D. Campbell and daughter, Anna, Saturday.

Lake Villa Girl Becomes  
Bride of Fred Griffin

The Clayton Craft home near Lake Villa was the scene of a very pretty home wedding at 10:30 on Tuesday morning when their eldest daughter, Nellie Arlene became the bride of Fred Charles Griffin, son of Mr. and Mrs. Charles Griffin of Antioch in the presence of a large group of relatives, Rev. DeSelms of Lake Villa church reading the service. The couple was attended by Lois Craft, sister of the bride, as bridesmaid, and Robert Griffin, brother of the groom, who attended his brother as best man. The bride was becomingly attired in blue lace over satin and carried a bouquet of pink carnations. The bridesmaid wore blue silk crepe.

Following the ceremony luncheon was served to the assembled guests. Both are well known here, the bride being born and raised just north of town and both attended Antioch high school, so they have many friends who wish them a long and happy journey through life. They will both be employed at the estate of Mrs. Sidney Kaiser on Lake Marie.

P. T. A. TO SPONSOR  
CARD PARTY MAY 24

Parent Teachers Association of the Antioch Grade school are sponsoring a public card party at the school Monday evening, May 24th, at 8 o'clock. Bridge, 500 and pinocle will be played. Prizes and a door prize will be given. Tickets 35 cents.

MR. AND MRS. NELSON  
ENTERTAIN AT DINNER

Mr. and Mrs. S. Boyer Nelson were host and hostess at a dinner party at their home Saturday evening. Three tables of bridge were in play during the evening.

MR. AND MRS. WAGNER, JR.  
ENTERTAIN SATURDAY

Mr. and Mrs. George Wagner, Jr., entertained a number of friends at a 500 party at their home on Spafford street, Saturday evening. Prizes were awarded to Mrs. Elmer Peterson and Gene Sheehan.

T. J. Kerns returned to his home at Lake Marie the latter part of the week after spending the winter in Florida.

Mrs. Maud Sabin spent Tuesday in Chicago on business.

H. E. Shepard and P. Belker of Woodstock spent the week-end in Antioch with relatives.

## Personals

Mrs. Albert Norman and daughter, Myrtle, spent Saturday in Milwaukee. Mrs. Paul M. Ferris returned last week from a two weeks visit with relatives in Ohio.

Mrs. Bessie Trieger spent several days last week with her daughter and family, Mr. and Mrs. Dan Nugent at Norwood Park.

John Murphy, a former resident of Antioch, and Miss Maxine Twoops of Round Lake were married on Friday morning at St. Joseph's church at Round Lake.

Miss Evelyn Overton, daughter of Mrs. Chris Larsen, left Antioch Tuesday evening for Minneapolis, Minn., where she will spend a few days before leaving for California where she will spend the summer.

Mr. and Mrs. E. D. Bray and daughter, Betty, left Tuesday for a vacation trip to New York where they will visit Mr. and Mrs. H. H. Whitmore and family.

Mr. and Mrs. Sam Risch and daughter, Dolly, were Sunday guests of Mr. and Mrs. Frank Risch at their home at Bristol.

Mrs. Flora Horton has returned from Florida, and is spending a few days with her sister, Mrs. Murray Horton before returning to her home in Chetek, Wisconsin.

Peter Moroz was a guest at the home of Mr. and Mrs. Emil Risch Sunday, before leaving for Chicago where he will make his future home.

Mrs. G. Walthausen and daughter, Mrs. M. Krumdeick, Mrs. B. Walthausen and Mr. and Mrs. W. Leicht, all of Chicago, were guests of Mrs. Sophie Martin at the home of her daughter, Mrs. Joseph Horton, Tuesday.

Mr. and Mrs. David Pullen and family spent Sunday in Waukegan with relatives.

Beulah Drom of Janesville, Wisconsin, spent the week-end with her parents, Mr. and Mrs. Jake Drom.

Mrs. Ellen Van Duzer spent Mother's Day in Lake Geneva with her daughter, Mrs. Emil Kletea.

Thomas Reynolds returned home Wednesday after spending the winter in Florida.

Mr. and Mrs. C. W. Laffin of Wyckwood Apts., Great Neck, N. Y., are visiting friends in Antioch and the Lakes region.

## Drainage of Farm Roads Is Benefit

Repairing Should Be Done Before Usual Work Has to Be Started.

By E. H. Gross, Professor of Agricultural Engineering, New Jersey State College, WNU Service.

Timely repair is as necessary to farm roads as it is to farm equipment. And the best time to make repairs is before plowing and seed-sowing become the farmer's principal concern.

Delay in making repairs to farm roads can be costly to farmers, as roads which are in bad condition hinder transportation and may be the cause of missing the opportunities of a favorable market.

Since water does the greatest amount of damage to roads, drainage should be the first consideration in their upkeep. Diverting the water to roadside ditches prevents erosion but these ditches will not eliminate sub-surface water which prevents a firm road bed. In low or level places, lines of tile two to two and one-half feet below the surface should be run parallel to the road. Having provided adequate drainage, the grade may be restored or even improved. The firm dry road bed thus established will resist much heavier traffic without breaking down.

Draining will keep sand, silt or clay roads in good condition. Repeated, at frequent intervals, dragging tends to harden the top layers, especially in clay soils. Thus a good, firm road may be maintained by proper draining, grading and adequate dragging. If a better type of road is desired, surfacing may be considered. Gravel, stone, a sand asphalt blanket or other surfacing materials may be used to advantage and for profit.

## Feed Brood Sows Well for Healthy Spring Pigs

To insure strong, healthy, vigorous pig brood sows must be fed satisfactory rations during the gestation period, states H. G. Zavoral, extension animal husbandman, University Farm, St. Paul.

In sections where crops are nearly normal, the principal ration for brood sows will contain ground oats, just enough corn or barley to keep the sows in the desired condition, and some protein feed such as skim-milk or tankage.

If alfalfa hay is available, some of the second or third crop should be fed to the sows in racks at all times. The hay may be ground, too. Good quality red clover or sweet clover hay may be substituted for alfalfa. Where skim-milk may not be obtained, a protein mixture of 35 pounds of tankage, 35 pounds of soy bean oil meal, and 30 pounds of ground alfalfa meal may be fed in a self-feeder. Ground alfalfa will add to the bulk of the ration. With the above protein supplement, a mixture of two-thirds ground oats and one-third barley will make a satisfactory ration.

If barley is of molting quality, however, oats may be fed alone and the barley marketed in other channels. Added to the oats ration, however, should be two or three ears of corn each day.

Water and salt should be available at all times, and the sows should have sufficient exercise. Feeding them some distance from their sleeping quarters will provide the exercise.

## Bracing Fruit Trees

Wind and ice and heavy crops of fruit often break the limbs of fruit trees, peach trees especially, and these should be braced. Wire is probably the best thing to use for this purpose and it should be padded to prevent the wire from cutting into the limbs. A good padding material is pieces of old automobile tires, and the best time to do this work is during the pruning operation. In pruning peach trees care should be taken to cut back the top branches, which are often difficult to reach, for unless this is done the lower branches will soon become weak and slender and finally die. Eventually, this neglect will result in a "leggy" tree. —Missouri Farmer.

## Australian Wool Yield

Australia's wool clip for the next season is estimated at 3,036,000 bales as compared with 2,930,000 bales for the last season, reports a Canadian National Railway bulletin. The average bale weight for the new season is estimated at 305 pounds, giving a total clip of 925,902,000 pounds as compared with 902,440,000 pounds last year. Of the new clip, 18 per cent will be cross-bred and strong wool breds, and the remainder merino wool.

## Origin of Broccoli

Broccoli was fairly well known in England about the second decade of the Eighteenth century. Three varieties were recognized at that time among which were a purple and a white heading type. In 1778 four varieties were cultivated in the British Isles. There has been some dispute as to the origin of the seed but it is commonly thought that the English seed was brought from Italy. For a while it was recognized as "Italian asparagus."

## Time Out for a Quick "Pick-Me-Up"

Ruth Martin, Noreen Carr, Dorothy Day, and Katherine Aldridge keep up their energy without losing their trim figures by drinking unsweetened Hawaiian pineapple juice between scenes on a Hollywood set.

STANDING around in beautiful clothes is a lot tougher than it sounds; particularly when there is a battery of Klieg lights glaring at you. The most beautiful and most photographed girls in the world have discovered this for themselves in their initial film appearance in Walter Wanger's "Vogues of 1938," now in production. The most beautiful models in New York were imported by the Hollywood studios to wear the creations of world famous couturiers. The job of looking beautiful all day takes a lot of energy but the girls don't dare run the risk of gaining even a fraction of a pound. So to solve the problem, keeping their figures and their energy, the girls took to drinking unsweetened Hawaiian pineapple juice between scenes. These four: Ruth Martin, Noreen Carr, Dorothy Day, and Katherine Aldridge—had that

two cans of pineapple juice and four stars gave them just the right lift to get them through the morning pleasantly.

Cinema stars, however, are not the only women in the world who have a strenuous job and a desire to keep a trim figure. Housewives and young business women everywhere have the same problem and they are not immune from mid-afternoon or mid-morning fatigue. As a "pick me up" that neither puts on unwanted poundage or spoils luncheon or dinner appetites, pineapple juice provides a remarkably quick-acting energy restorer. The vitamin content of the juice is a big help in keeping the body fit too.

Doctors and dietitians recommend the use of unsweetened fruit juice between meals for hungry children rather than heavy foods that will kill the appetite for regular meals.

point—almost double what chicks had weighed previous to 1900.

But there were still other valuable discoveries to be made. In 1928, soy bean meal, a rich source of protein, was added to chicken-litter starters, and chicks did even better than before.

The year 1930 saw the appearance of all-mash starters, a complete, all-in-one starting feed that solved the problem of what to feed baby chicks. Almost every nutritional need of the chick was met in this new all-mash starter. Only ten per cent died, and at six weeks' birds averaged one pound.

## Disease Cut Down

Since 1930, progress has been even more rapid. Feeding, breeding, and management have been tremendously stepped up. Improved incubation has resulted in stronger chicks. Improved brooders have greatly helped livability. Chicks today have every opportunity to "live" compared to the chicks of thirty years ago who chilled in drafty houses or followed their mothers around in damp grass. Efficient sanitation agents have been very helpful in keeping surroundings and drinking and feeding troughs clean. Disease and infection have been cut down.

Since 1933, all minerals that go into starters have been carefully balanced so that chicks get exactly the right amounts for best development. "Fats" were synthesized in 1932 and the texture improved. Since 1934, in cereals going into chicken-litter starters have been biologically tested for growth. The net results of balanced minerals, synchronized protein, balanced texture and blanching of ingredients was 93 per cent livability, higher bones and better feathering, and an average weight of one and a half pounds at six weeks.

## Puratene, Pro Vitamin A, Added

What a feast! Grandmothers' chicks would have on today's "Starter." In 1935 one of the most sensational and important announcements in animal nutrition was made by Purina research workers. A rich pro-vitamin A concentrate called Puratene, which it was found, could be profitably utilized, as an ingredient in poultry rations. The addition of Puratene was found to produce smaller, plumper and healthier pullets. Chicks fed on mash fortified with Puratene are guaranteed all the vitamin A they need for bodily requirements. As a result, livability at the present has been stepped up to 95 per cent and the weight at six weeks to one pound and one-quarter. The addition of vitamin A to chicks' feed means better and faster growth.

## Cinquecento

Cinquecento is a term used to describe that period of the Italian Renaissance between 1500 and 1600. It is applied particularly to the artistic styles prevalent at that time, and especially to the classicism of the high Renaissance.

## Foreign Seed Is Less Productive

### Imported Strains Produce Smaller, Unsatisfactory Legume Yields.

By J. J. Pieper, Professor of Crop Production, College of Agriculture, University of Illinois.—WNU Service.

Need for stretching the supply of legume seed as far as possible is found in the lower yields obtained from unadapted foreign strains.

Carefully conducted experiments have shown that on an average foreign red clover produces only 65 per cent as heavy yields as home grown strains. When compared to yields from good northern grown common alfalfa, yields of Argentine alfalfa ranged from 50 per cent to 100 per cent, with the average being 80 per cent as productive.

Substituting legume varieties that are available for those that are scarce this year, mixing legume seed with grass seed, and growing soybeans and cow peas as green manure crops are suggested for meeting the legume seed shortage emergency.

The practice of buying seed in which even small amounts of foreign grown seed have been mixed, especially if the legume crop is to be harvested for seed, is not a good plan. Since the low yielding foreign strains cross with the adapted domestic strains, years are required before winter killing, insects and diseases have eliminated the weaker strains.

Large importations of foreign seeds come at irregular intervals and are dependent upon short crops in the United States and large crops in the exporting country. In any case, importations are greatest when the price relations are satisfactory. Importations are expected to be extremely high this year, following a period of three or four years of low importation.

The federal seed act requires that imported legume seed be stained. Foreign seed of mixtures can be recognized by this stain which in no way affects the germination of the seed.

### Build Sash Greenhouses

#### Now for Spring Sowings

With an investment of a few hundred dollars, a sash greenhouse can be constructed in time for sowing seeds for early tomatoes, eggplants and peppers, says C. H. Nissley, extension professor of vegetable gardening at the New Jersey College of Agriculture, Rutgers University.

Of the thousands of vegetable growers who have sash greenhouses, Nissley reports, there is not one who says he would be willing to go back to the old hotbed method of growing plants. It does not require much time to construct one of these buildings.

When selecting the site for a sash greenhouse, it is important to choose a well-drained location. If possible, have the greenhouse running north and south so that the inside of the house will receive the full benefit of the sunlight both morning and afternoon and the sun's rays will shine directly on the center of the house at noon. Concrete or cinder blocks used as a foundation are permanent and will last considerably longer than wood.

### Reed Canary Grass

Reed canary grass is higher in feeding value than timothy hay. In a trial carried on at University farm, St. Paul, it was found that fillies made larger gains with less grain when fed canary grass than when fed prairie hay. Prairie hay is just about as good, if not a little better, than timothy hay for horses. I do not know whether canary grass would excel alsike clover hay for horses, but I think it would be almost as high in feeding value. Alsike clover might prove a little more valuable than Reed canary grass for young stock because it is a little higher in crude protein. If Reed canary grass is not too coarse, it is excellent hay for horses.—A. L. Harvey, Division of Animal Husbandry.

### Bluegrass

Bulbous bluegrass, once thought practical only in regions of heavy rainfall and mild temperatures, has been found adapted to northern areas of moderate precipitation, according to a correspondent in Successful Farming. A patch has been growing for 15 years at Dickinson, North Dakota, where it has produced a good stand in dry years and has successfully resisted low winter temperatures (47 degrees below zero). It is suggested as suited for early poultry and sheep pasture and for pasture mixtures to be grazed by other livestock. It is distinguished by fleshy, bulb-like roots and also by a bulb-shaped seed pod.

### Wood Ashes as Fertilizer

Wood ashes are a valuable fertilizer and the gardener with a fireplace will do well to save his own. Keep them dry, storing in tin cans for use in the spring season, says a writer in the New York Herald Tribune. As they are quite caustic in action, mix them well with the soil previous to sowing or planting. It is their potash content that is of help to the plants. Add some nitrogenous and phosphoric fertilizer to make it a balanced plant food.

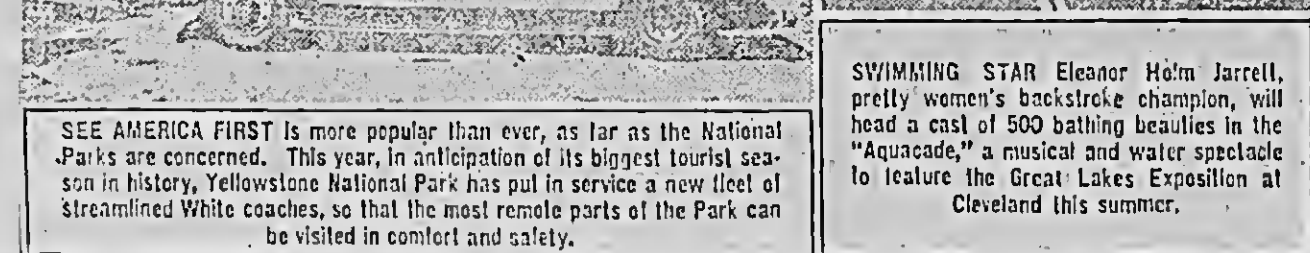

## The World in Pictures

**A STAR AND HIS HOBBY.** Ever since James Melton, singing star of the radio and movies, was a youngster he has wanted to own a "horseless carriage." Now he does and prefers it to modern streamlined creations. Here is Melton at the wheel of his "new" car, a 1910 model, driving up Fifth Avenue, New York, with Lanny Ross and Jessica Dragonette as his guests.

**SAFE! Cameras** are used to record the finish of close horse races, and now they can be applied to baseball. How is this for proving "Dixie" Walker, of the White Sox, safe in a close play at first? Note how close his foot is to the bag.

**SEE AMERICA FIRST** is more popular than ever, as far as the National Parks are concerned. This year, in anticipation of its biggest tourist season in history, Yellowstone National Park has put in service a new fleet of streamlined White coaches, so that the most remote parts of the Park can be visited in comfort and safety.

## Yesterdays

### Forty-two Years Ago

Printed in Antioch News May 16, 1935  
Around the Lakes  
A Representative of the News Makes a Tour of the Hotels and Resorts of the Lakes

In company with a photographer, who reproduced most of the hotels and club houses, a News representative visited Bluff, Petite and Fox Lakes, Friday last. From observations, hastily taken, we present a few notes on the condition of the various Hotels and Resorts.

C. E. Herman's Bluff Lake resort has been renovated throughout, and will be open next week, Saturday evening. This hotel is nicely situated on the south shore of Bluff Lake, and is easily accessible to Grass Lake, Marie and Fox Lakes.

Bernard Yopp's Pleasant View Hotel on the west bank of Bluff Lake, is ready for business and will be as popular this season as of old.

Paddock's Hotel is about ready for guests and presents a handsome appearance. We shall have more to say of this hotel later.

Soule's Resort has undergone a complete renovating and is open for its usual number of summer boarders, which heretofore have been overtaxed its capacity.

Situated handily to Grass, Bluff and Fox Lakes, it is a desirable home for those wishing a quiet place to spend the summer outing.

Barney Trieger's hotel and cottages are now ready to accommodate all who are seeking a quiet homelike resort. It is pleasantly situated near Grass Lake.

The Hunter's Home is, as last year, under the management of M. M. Burke, and is prepared to accommodate all the best of the market affords, good beds, etc. The house has been thoroughly overhauled and put in the best shape possible for the comfort of guests.

"The Queen of the West" is pleasantly situated on the bluff overlooking beautiful Petite Lake, and contains thirty-seven commodious bedrooms, capable of accommodating seventy-five people. The hotel will be run this season on the same lines that have made it so popular in past years.

The Minerva will be open on Monday, May 20th. Mr. Henry Hart, well and favorably known as manager of this hotel during its first year, will have charge of it and has renovated and overhauled every part of the large building. He will cater to the public in first class style and is already assured of a large patronage.

Hall an inch of snow decorated our streets Sunday morning but didn't last long.

The question of street lamps is agitating the minds of our progressive citizens, who believe in the useful as well as the ornamental. About thirty lamps will be required to light the streets in passable shape. Let us have light.

The street commissioner and a force of men and teams have been at work on the streets for the past few days and will probably continue the work until every street within the corporation is put in good shape for travel.

It is a little early, but not too early to commence thinking what you are going to exhibit at the coming fair of the Lake County Agricultural Society. The fair this year will be the best ever held by the society. Take something to the fair this year and get a premium.

## LAKE VILLA

Miss Catherine Boehm, accompanied by Miss Cleone Kistler of Waukegan, started Friday evening on a greyhound bus for Worcester, Mass., where they will visit relatives of Miss Kistler, and will be gone about ten days.

Dr. and Mrs. Will Kappeler of Chicago were in town Monday and called on Mrs. Mary Kappeler.

Mrs. Holman of Tinley Park and Mrs. Pitman of Chetek, Wis., left Saturday night for their homes after a ten day visit with their niece, Mrs. Leo Barnstable.

Mr. and Mrs. Rosenstock and family who have been occupying the Richards house on Cedar avenue, have moved to Grass Lake and the Walter Schneider family will move in. Mr. Schneider has leased the Rhoades ice house and filled it last winter so this will be very convenient for him.

On Sunday, May 23rd, Dr. A. T. Stephenson, District Superintendent for this group of churches, will be present to preach at the 11 o'clock service and will hold quarterly conference immediately following the service. As our district superintendent is a very busy man and his visits to us are rather infrequent, we are asking that a special effort be made for as large a number as possible to be present to hear him.

Miss Myrtle Daube and friend drove to Madison, Wis., on Monday and called on friends there. One of Myrtle's former teachers at Warren High School is now a teacher in the University there.

A very pleasant family reunion was held on Sunday, May 9, at the Oscar

Douglas home when the family of Mrs. Larson, who is Mrs. Douglas, mother, got together for the first time in a number of years. Mrs. Larson had spent the winter with her daughter, Mrs. A. Morgan Duke, in Fort Worth, Texas, and with her daughter, had returned to the Douglas home. Present were the mother, Mrs. Larson, her daughters, Mrs. Duke, Mrs. Douglas, Mrs. Kick of Libertyville and Mrs. Skofstad of Waukegan, who were there with their families. Edward Larson, wife and daughter of Kenosha and Arthur Larson, wife and three children of South Milwaukee completed the party, thirty-five in all, who all enjoyed the day very much.

The P. T. A. held its regular meeting at the school-house Monday evening and held its annual installation of officers for the coming year. Mrs. Zieger of the Round Lake P. T. A. was installing officer and the following were installed: President, Mrs. Alice Meyer; vice president, Mrs. Rayda Gindich; secretary, Mrs. Ruth Karolous; and treasurer, Mrs. Florence Peterson. A musical program consisting of a cornet solo by Ellen Nader, accompanied by Mr. Behuecke, also piano solos by Mr. Behuecke, tap dance by Kathleen Gindich and discussion of child problems by the group was followed by a social hour.

School will close Wednesday, May 26, with the school picnic at the Sherwood camp, and all parents are cordially invited to be present.

Graduation will be held Wednesday evening at 8:15 P. M. at the Lake Villa church and Mr. W. C. Petty will give the address of the evening. The eighth grade banquet will be held on Tuesday evening at the church for the eighth grade graduates. This will be May 25.

Mr. and Mrs. Charles Glosser and son, Clifford Glosser of Maywood called on friends here Sunday. Mr. and Mrs. Glosser have just recently returned from Florida.

Mrs. Alice Clark of Schenectady, New York, is spending a short time with Mr. and Mrs. James Kerr.

Joe Sheehan of Pendleton, Oregon, is visiting his parents, Mr. and Mrs. William Sheehan.

Mrs. Erwin Barnstable is still confined to her home by illness.

**U. S. Debt to France in 1790**  
Hamilton's report to congress showed that the public debt in 1790 amounted to some \$54,000,000, of which about \$12,000,000 was owed to foreign creditors, chiefly in France. There was also an aggregate of \$21,000,000 of the state debts. Hamilton proposed to add this to the national debt, making \$75,000,000 in all, and recommended that the national government assume the state debts. The national debt was paid during the first part of the Nineteenth century.

## WILMOT

The following were members of the First Holy Communion Class at the eight o'clock mass at the Holy Name Church on Sunday morning: Loreta Kowalik, Kathleen Schlaw, Agnes Bussiere, Dorothy Bussiere, Nanette Gant, Richard Carey, Gerald Richter, Gerald Bernhoff, Robert Rudolph, Robert Bernhoff, Ruth Richter and Lima Barnados, dressed as angels, acted as escort for the girls and William Richter for the boys. The altars were decorated with white and pink peonies, for the occasion.

The annual alumni banquet of the U. F. High school will be held at seven P. M. standard time at the Wilmet school on Saturday evening, June 5th. The banquet will be served by members of the Silver Lake Community Church. An interesting program is being prepared for the occasion followed by dancing. Phone Wilmet High School 384 for reservations. Mrs. Arthur Gegan is acting chairman for the affair assisted by Velma Schmalfeldt, secretary, and Lyle Kerkoff, treasurer of the association.

Mesdames Frank Kruckman and S. Jedele are to be hostesses at a bridge party for the benefit of the Wilmet Mother's Club Tuesday evening at the High School.

Mrs. C. L. Jones, of Los Angeles, and son, Alvin Jones, of Milwaukee, were guests Sunday of Mr. and Mrs. George Faulkner.

Mr. and Mrs. Herbert Sarbacker and son, Bobby, spent Sunday at West Chicago with relatives.

Mrs. Wm. Harn, Mrs. A. Miller and son, Mrs. H. Frank and daughter, and Mrs. Frank Ehler visited Thursday with Mrs. Oliver Balza and son at the Kenosha hospital.

Mr. and Mrs. David Kimball attended the funeral services for Harry Miller at Rockford on Tuesday afternoon.

Around two hundred fishermen were at the river for Saturday and Sunday at the opening of the fishing season. Cold weather prevented the anglers from securing many fish.

Mrs. Clyde Kincaid and son, Harold, Marengo, were Friday guests of Mr. and Mrs. Wm. Peterson.

Walter Carey and daughter, Nancy, Melaney, Mr. and Mrs. James Carey, and daughters, Anna Marie, Catherine, Patricia and Peggy, Twin Lakes, were guests at a breakfast at the Carey home Sunday in honor of Dick Carey's First Communion.

Frank Ehler has returned from the Highland hospital where he has been for treatment.

The Peace Evangelical Lutheran church will have English services at 9:30 o'clock Sunday morning.

Mr. and Mrs. Eugene McDougall and daughter Betty Jean, motored to Oak Park Sunday for the day with Mrs. Edith Thompson.

Grace and Erminie Carey attended a party at the home of Mrs. W. Dobyns in Waukegan on Tuesday afternoon.

The M. E. Ladies Aid is sponsoring a cafeteria supper at the M. E. dining hall on Thursday afternoon from five o'clock on.

Lawrence Hyde, Los Angeles, is to arrive by air plane in Chicago Saturday for a visit with his brother, George Hyde, at Randall.

OSTRICH FEATHERS  
STRIKE NEW NOTE

Used in Abundance for Trimming and for Capes.

From Hollywood comes the word that ostrich feathers are being used in abundance both as a trimming and to fashion entire capes and coats—the summer edition of the heavy fur cape and fur decoration for costumes. Old-fashioned is a favorite expression in the new fashion vocabulary; the graceful, flatter feathers of our grandmothers, for two outstanding generations.

Following the high-fashion note of winter—accessories trimmed with fur, this new ostrich mode follows logically with cape of ostrich and hat, gloves and handbag trimmed with ostrich plumes. Another variation of this charming trend is the use of tiny curled ostrich plumes trimming evening gowns of transparent, slightly-starched marquisette; a two-color theme is the usual choice. Bunches of the curly feathers are loosely strewn over the skirt and decorate the short puffed sleeves. From hats to heads is another ostrich whim—sleek coiffures for formal evening events, literally crowned with tresses of tiny plumes, either matching or contrasting in color with the gown.

FLOWER TRICKS  
By CHERIE NICHOLAS

As everybody who is fashion-informed knows it's going to be a tremendously flowery season. The new hats from Paris tell you that. So do the wild-with-color new silks, linen and cotton prints, and so also do the boutonnières and the corsage bouquets and the clusters of flowers at the new low daytime necklines. And if you are sensitized to topnotch vogue you will wear fresh-cut flowers to your hearts desire. What's more, you will be wearing your fashionable posies from garden and hot house in a tricky way that departs from the conventional, the uneventful, the prescribed. Just to underscore the idea of novelty in ways of wearing, note two clever flower "tricks" are here pictured. The fact that fancy head-dress is an approved fashion inspires the new and regal fantasy shown above. The queenly coronet is made of the same material as the gown, surmounted with a cluster of real orchids. By the way, the white glaze kid gloves by Aris bespeak Paris in every detail, especially in that they are trimmed with dainty petit point. The diamond clips and bracelets give accent to vogue for handsome jewelry. The very last word is to carry your orchids as the young woman wearing the cape is so doing. The useful swaggar cape, so lovely to wear over party frocks is of lusterless velvet.

## STYLE NOTES

Flowers on your spring hat! Plaid sports coat are wonderfully attractive. Umbrella, tucked and pleated skirts are smartest ever. Navy-and-white is a leading color idea for spring outfits. Silks, linens and cottons speak boldly in terms of gay stripes. Saucy vella and colored doo-skin gloves add the "touch that tells." Patent leather for shoes, hats, bags and other costume accents is "last word."

## Bouquets of Flowers for

## Pattern for New Fabrics

In evening chiffons and crepes, big bunches of mixed flowers form handsome bouquets. Poppies, cornflowers and buttercups mingle their colors with green leaves and golden wheat on a background of black or white.

The pattern appears in both crepe and chiffon in order that the two materials may be used together in the same evening gown.

HAT CROWNS LOWER  
AS SKIRTS SHORTEN

Skirts are climbing higher and higher and now rest between 14 and 16 inches from the ground. In order not to present an awkward silhouette, the big couturiers are elevating waists and thus preserve symmetry. Daytime dresses have high waists and evening gowns go even higher with Empire or 1910 waists.

Hat crowns are tumbling as skirt lengths climb. The flowerpot crowns of last season have come back to normal in order not to look ridiculous with the shorter skirts. Many crowns are normally rounded while some are squared and others irregular in shape.

It is difficult to say what width and proportions spring skirts will take. Some houses show tight, narrow and short skirts, similar to that which was so popular earlier in the season. Still other houses show skirts that are slim and straight in front but leave much back fullness, inspired by the Directoire silhouette.

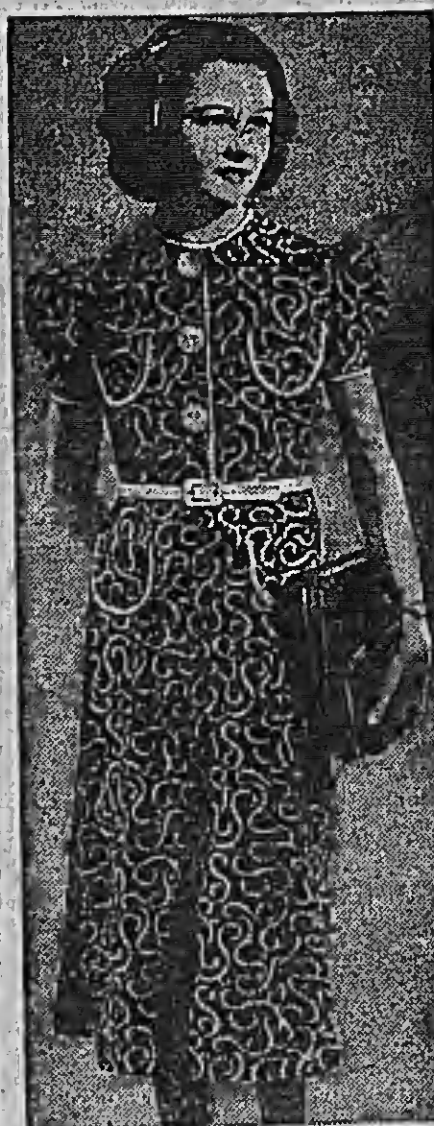

## Hand-Knit Goods Suited

## for Day or Night Wear

Expert workmanship has now made it possible for women to wear hand-knit clothes for every hour of the day, or night. Knitted clothes being shown in Paris come in a variety of weaves and threads. Hand-knit coats made of warm, heavy woolen threads are used for winter sports while lacy weaves of silk threads make cobwebby evening gowns. Some of the clothes are knitted directly on the needles to follow a certain pattern, but the greater part of the materials are knitted in great lengths so that the material can be cut, tailored and fitted more exactly to the styles of the day.

## TEEN AGE FROCK

By CHERIE NICHOLAS

Special emphasis is being put on dresses for the "teen-age girl." Tailored girl fashions such as this are designed to avoid the "awkward age." They are youthful but not childish, simple but not plain. Here is a charming tailored girl dress. It is made of gaily patterned crinkled cloquessy cotton and is one of the many cunning models of this material that is being shown in the shops and "teen-age dress sections" this spring.

## TO WED RASKOB'S SON

Miss Dolores Horter of Reno, Nev., whose engagement to Robert P. Raskob, son of John J. Raskob, financier and former national Democratic committee chairman, was announced recently. The bride-to-be is a native of Reno and a graduate of the University of Nevada. Mr. Raskob has been in Reno for a year and a half looking after mining interests of his father. The marriage will take place in June.

## SHOULDER BOUQUET

Spring flowers bring that uplift of the spirit which every woman experiences with the turn of the season, and spring brings an array of lovely blooms with pale tints and soft shades that are flattering on almost any outfit. The golden freesias forming a pale yellow ring around a cut bloom of pink carnation is especially fitting for a shoulder bouquet, as illustrated.

## Napoleon chose grave on the Island of St. Helena

Jamestown, Island of St. Helena, is the town and countryside where Napoleon spent an exile of six years. Longwood, the house where Napoleon lived, is a long one-story building with a peaked roof, high enough for attic bedrooms for servants. The house is partly of mortar and is as it was when the deposed emperor of France lived there, notes a writer in the Washington Post.

In this house Napoleon was virtually a prisoner, guarded night and day. He was allowed walks about the countryside, but if he strayed too far an alarm bell rang out, calling him back.

During one of his rambles Napoleon came upon a spring beneath a great cypress tree which overlooked a peaceful valley. Many times he returned to the place. He grew to love the spot and finally asked that when death came that he might be buried there. Napoleon died on May 5, 1821, and was buried in the space which is surrounded by an iron fence. The body was removed to Paris October 15, 1840. It is related that on the last page of Napoleon's copybook, used when he was a schoolboy in Corsica, where he was born, these words are written in his own handwriting:

"St. Helena, an island in the South Atlantic; British possession."

St. Helena lies 1,200 miles west of the coast of Angola, Africa, and about twice this distance east of Brazil. It is in practically the same latitude as Mozambique.

## Sat in Archbishop's Lap

Few people are aware of the distinction between the archbishop of Canterbury as "Primate of all England," and the archbishop of York as "Primate of England," and fewer still are aware of the occasion for it, says M. V. Hughes in "London at Home." In 1170 there was a big quarrel between the two archbishops as to which should be chief. At the synod, sat "as in his place, Richard of Canterbury, when in springs Roger of York, and finding Canterbury so fairly seated, sits him down in Canterbury's lap. Canterbury's servants plucked him thence and buffeted him to some purpose." This unseemly quarrel led to Canterbury receiving the title of "Primate of all England," while poor York had to be contented with being "Primate of England."

## Tusks, Horns Nuisance

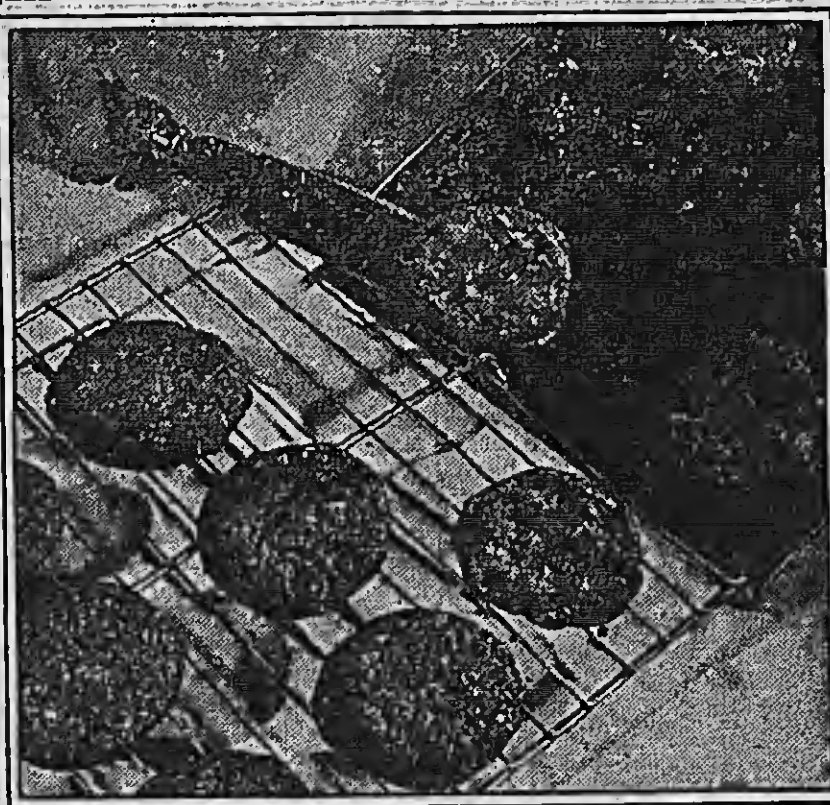

Sometimes the tusks and horns of animals are a constant nuisance to them. Numerous African elephants have tusks so heavy—weighing from 200 pounds to 400 pounds—that the animals are frequently forced to rest them in the forks of trees, while many Hebridean rams have horns that extend so far beyond their muzzles that they cannot graze on level ground—Collier's Weekly.

## GABBY GERTIE

"A man finds it difficult to hold a girl who falls for him easy."

## New Brazil Nut Cookie Recipes

Remove Butterscotch Cookies from Baking Sheet Shortly After Removing from Oven. Let Them Cool on a Rack.

THIN nut cookies are in great demand, particularly in homes brightened by young children. Running in and out of the house all day, burning up energy with every step, youngsters constantly ask for something to eat. Actually they need frequent "refueling." A new kind of cookie, crunchy and brown, is the treat of treats for them.

Butterscotch cookies are rich in energy elements as well as being delightfully flavored. There are a dozen and one ways to make them. But the liberal use of ground Brazil nuts in the recipe pictured as detailed below represents a pleasant departure from routine preparation. The nuts in this instance are an important part of the batter, not just something that is casually added. One caution to observe in baking is to remove them from the baking sheets before they have cooled and hardened.

**Brazil Nut Macaroon Cookies.**  
2 egg whites 1-4 teaspoon salt  
1-2 cup sugar 1 cup ground Brazil nuts

Beat egg whites until foamy but not dry. Beat in sugar and

## Brazil Nut and Butterscotch Cookies

1-2 cup butter 2 teaspoons baking powder  
1 pound brown sugar 1-2 teaspoon salt  
2 eggs, well beaten 1-2 cups chopped Brazil nuts  
1-1-4 cups flour

Melt butter, stir in sugar and mix well. Stir in beaten eggs. Sift flour with baking powder and salt, add nuts and stir into first mixture. Drop by teaspoonfuls onto a cookie sheet, greased with an unsalted fat, and bake in a slow oven, 325 degrees F., about fifteen minutes. Remove from pan after cookies have cooled half a minute.

salt gradually. Add ground Brazil nuts and drop by teaspoonfuls on an ungreased baking sheet. Bake in a moderate oven, 350 degrees F., 15 to 20 minutes, until light brown. Remove from pans all once.

## Wake Island

Wake Island is a small coral formation in the Pacific ocean, belonging to the United States, in latitude 19 degrees north, longitude, 168 degrees, 31 minutes east; about 2,000 miles west of Honolulu and 1,300 miles east of Guam. It is nearly in a direct line between those places, and is in the course of vessels sailing from the United States and Hawaii to China and the Philippines. An aviation base was established there by the Pan-American Airways in 1935-36. It was discovered in 1796, charted by Captain Wilkes in 1841, formally occupied July 4, 1899.

## Depes Her Bridegroom

In Holland the newly married traditional mixture of brandy and raisins as a part of the marriage ceremony.

## Infant Seals Attractive

The infant seal is an attractive little creature. At birth it is covered with a coat of lemon-white fur which is shed a few hours later, leaving a shiny dark silken covering like that of its parent. Its large, liquid eyes are among the most beautiful to be found in wild nature. The brain of the seal is large and highly developed, therefore, its intelligence is keen; in captivity, it becomes greatly attached to its master. Seals were caught in the Thames and Severn in 1850, says a writer in London Tit-Bits Magazine.

## Terns Long-Distance Travelers

Arctic terns are the champion long-distance travelers of the bird world, some of them flying 22,000 miles in the course of a year's migrations.

Cinquecento is a term used to describe that period of the Italian Renaissance between 1500 and 1600. It is applied particularly to the artistic styles prevalent at that time, and especially to the classicism of the high Renaissance.

Idea of Some Astronomers  
Some astronomers regard the Milky Way as the plane of a spiral nebula, with the earth located in one of the arms.

### Style Show Feature of Club Meeting

A Style Show sponsored by Marie Anne's of Antioch was a feature of the Long Lake Woman's Club meeting and luncheon held Wednesday afternoon at the Countryside Country Club at Mundelein.

Mrs. Hunt announces a complete new line of Nellie Don dresses for Friday, May 21st.

### Mrs. Hawkins Injures Hand in Washing Machine

Mrs. E. O. Hawkins suffered severe lacerations at her home on north Main street yesterday when she caught her hand in the gears of a washing machine. No bones were fractured, but 13 stitches were required to close the wounds.

**Infant Seals Attractive**  
The infant seal is an attractive little creature. At birth it is covered with a coat of lemon-white fur which is shed a few hours later, leaving a shiny dark skin covering like that of its parent. Its large, liquid eyes are among the most beautiful to be found in wild nature. The brain of the seal is large and highly developed, therefore, its intelligence is keen; in captivity, it becomes greatly attached to its master. Seals were caught in the Thames and Severn in 1858, says a writer in London Tit-Bits Magazine.

**Large Feather-Leaved Palm**  
Rabassu, a large feather-leaved palm, is very abundant in northern and central Brazil, and is especially well known from the state of Maranhão. For years the kernels of babassu, or so-called babassu "nuts," have been gathered for their oil content and exported, mostly to Europe.

## Schools

### Juniors Fete Seniors at Annual Promenade

The Junior class entertained the departing Sequoia Seniors in royal fashion at the annual Junior-Senior promenade at the Antioch High school Friday night. "Cubbie" Wales and his dance band from Chicago furnished the music for dancing in the auditorium, which was beautifully decorated for the occasion by the Altonby Co. of Peoria.

At the banquet board, Bernard Osmond, president of the Juniors, welcomed the Seniors, and James Herman, president of the Seniors responded. Miss Alice Smith brought back memories of other proms and other graduates, and there were musical numbers by a girls' trio and boys' instrumental quartet, followed by a duet by Wilson King, midget harmonica, and Bob Chinn, sousaphone.

Miss O'Neal, former teacher at the high school, came from Naperville to attend the festivities.

### 51 Will Receive Diplomas June 7

Twenty-eight boys and 23 girls will receive diplomas at the commencement exercises to be held at the Antioch Township High school June 7, Principal L. O. Bright announced yesterday. Sunday, June 6, the class will attend the baccalaureate service with Rev. Loyal V. Siler, pastor of the First Methodist Church of Antioch, as the speaker.

### 8th Grade Banquet to Be Held Wednesday

The mothers of the graduating class at the Antioch Grade school will sponsor the annual banquet at the Antioch Hotel, Wednesday evening, May 26, at 6 o'clock. Besides the children, Mrs. W. C. Petty, Mr. Clabaugh, Mr. Panowski, and the teaching staff will be present. The children have been working for some time on a class play, a class prophecy and a history, and these will be read at the banquet. All of the mothers will contribute to the feast and the active committee who will have charge of the serving of the dinner, are Mrs. Walter Selter, chairman, Mrs. Mike Whited, Mrs. Henry Harvey, Mrs. Frank Hunt and Mrs. Nelson Drom.

### School Children See

**Brookfield Zoo Today**  
A disappointed first grade class awoke to the patter of raindrops Tuesday and reluctantly abandoned their trip to Brookfield Zoo. However, the class is being made today, with Mrs. Charles Lux, Mrs. John Gaa and Mrs. Ed Vos accompanying the class. Children of the Grass Lake school are also enjoying a similar trip today under the auspices of the Parent-Teachers' association.

### Antioch Legion Dedicates Flag at Newport School

With Dr. L. John Zimmerman in charge of the ceremony, the Antioch Legion Sunday morning at 11 o'clock will dedicate the flag and flagpole which they donated to the West Newport school. Dr. Zimmerman is Americanism officer of the local Legion post.

## SEQUOIA BLANK WAUCONDA TEAM IN ONE-HIT GAME

### Madsen in Rare Form Allows One Hit for 7 to 0 Victory

Supporting the fine pitching of Bob Madsen in major league style the Sequoia Tribe planked the Wauconda Bulldogs 7 to 0 on the home reservation yesterday afternoon.

The Antioch pitcher, in rare form, allowed but one safe hit, a single by Stone in the final frame.

The hitting honors of the day went to Grandall who collected a triple and two singles. Dressel and Madsen touched the offerings of Vasey for two hits each, one of Madsen's a long drive tagged for three bases.

Antioch made 7 runs, 11 hits, one error; Wauconda no runs, one hit and one error.

In the lineup for the Sequoias were: Grandall, lf, Thill, 2b, Dressel, cf, Madsen, p, Doolittle, 3b, Riddel, rf, McCormack, c, Effinger, 1b, Maleck, ss, Meek, rf, Herman, cf.

### Eighth Grade Hosts to Grayslake Class

The eighth grade class at the Antioch Grade school were hosts to the eighth grade class from the Grayslake school, Monday afternoon. The children presented a program of music, singing and a travelogue, all planned and executed by themselves. The afternoon's entertainment wound up with a baseball game, which the local school was discourteous enough to win from their guests by a score of 10-7.

### Antioch Aces Win Over Waukegan Nine

The Antioch Aces won their second game of the season here Sunday defeating Sandy's Tavern club of Waukegan, 14 to 6. Hitting stars of the game were Lewin and Grandall for the Aces, the former cracking out four hits in five trips to the plate, and the latter three safe wallops out of five attempts. One of Lewin's hits was a circuit drive.

### Hastings "Y" Camp Open for Visitors on Sunday, May 23

The Irving Park Y. M. C. A. Camp at Lake Villa will be opened for the first public inspection and visitation of the season next Sunday.

Members of the Camp Staff and the Staff of the Irving Park Y. M. C. A. will be on the camp grounds to welcome visitors and to explain the program of the camp for the coming season. Poles will be groomed, grounds will be in good order, cabins and lodge will be freshly painted and the camp as a whole will be in spic and span shape to welcome the first visitors of the 1937 season.

Registrations for the camp season which opens on June 13 and runs until August 8 for boys and from August 8 to September 5th for girls will be accepted at camp on Open House Day. A \$2.00 discount will be allowed for each registration accepted. Camp Dining Hall will be open and dinner will be available to those who do not provide themselves with a picnic meal. The public is cordially invited to visit the camp and spend as much time as they desire.

At three o'clock in the afternoon the Y. M. C. A. symphony orchestra will present a concert of popular and classical music. Members of the Junior

Leaders Corps of the Irving Park Y. M. C. A. will act as guides to escort groups on carefully planned tours of the camp. Camp equipment will be available for those who desire to play.
